

Lake Tahoe Regional Bicycle and Pedestrian Master Plan Final Report

Prepared By:

Tahoe
Metropolitan
Planning
Organization

Amended October 2006

TABLE OF CONTENTS

<u>Section</u>	<u>Page</u>
I. INTRODUCTION.....	4
Study Area	4
Planning and Design Standards	4
Consistency With Other Plans	7
Community Participation.....	9
Organization of the Plan.....	12
II. BENCHMARKS.....	14
III. BICYCLES.....	16
Goals, Objectives, And Policies.....	16
Land Use Development	19
Commuting.....	20
Safety Education.....	21
Environmental Considerations	22
Funding.....	24
IV. Pedestrians	26
Safety And Walkability	27
Safety.....	28
Crosswalk Policies	33
Walkability.....	52
Goals Objectives And Policies.....	52
New Private Development And Redevelopment.....	55
Traffic Impact Studies	55
Goals Objectives And Policies.....	57
Compact Intersection Design Guidelines.....	58
Compact Intersection Design Guidelines.....	59
V. EXISTING CONDITIONS.....	61
Existing Bicycle and Pedestrian Facilities.....	61
Regional and Multi-Modal Connections.....	62
Support Facilities	64
Bicycle and Pedestrian Safety.....	65
VI. ANALYSIS OF DEMAND.....	69
Existing Major Activity Centers	69
Population and Employment Trends.....	69
Bicycle and Pedestrian Travel Demand.....	72
VII. PROPOSED SYSTEM	75
Regional and Multi-Modal Bicycle Connections	78
Support Facilities and Programs	79
VIII. COST AND FUNDING ANALYSIS.....	81
Cost Estimates	81

Potential Funding Sources.....	84
Funding Strategy.....	84
IX. IMPLEMENTATION.....	85
Bicycle System Phasing.....	85
Priority Routes.....	85
Bicycle Design Standards.....	88
Pedestrian System Phasing.....	89
X.	
<u>Maintenance.....</u>	<u>.....</u>

Appendices

Appendix A Figures

Figure 1 - Study Area.....	A-2
Figure 2 - General Bikeway Classifications.....	A-3
Figure 3 - Existing Bicycle and Pedestrian Facilities.....	A-4
Figure 3A - Lake Tahoe Focused Areas--Existing Facilities.....	A-5
Figure 4 - Existing Transit Facilities and Routes.....	A-6
Figure 5 - Bicycle and Pedestrian Accident History.....	A-7
Figure 6 - Existing Major Activity Centers.....	A-8
Figure 7 - Land Use.....	A-9
Figure 8 - Proposed Bicycle Trails.....	A-10
Figure 8A - Lake Tahoe Focused Areas--Proposed Facilities.....	A-11
Figure 9 - Proposed and Existing Bicycle and Pedestrian Facilities.....	A-12
Figure 10 - Typical Class I / Shared Use Path.....	A-13
Figure 11 - Typical Class II / Bicycle Lane.....	A-14
Figure 12 - Typical Class III / Bicycle Route.....	A-15

Appendix B Prioritization & Conceptual Cost Estimates for Individual Routes.....	B-1
Appendix C Funding Source Description.....	C-1
Appendix D Bibliography.....	D-1
Appendix E TRPA Initial Environmental Checklist.....	E-1
Appendix F Master Comment List.....	F-1

Tables

Table 1: Pedestrian Treatments at Controlled Crossings.....	41
Table 2: Crosswalk Placement Flow Chart for Uncontrolled Locations.....	46
Table 3: Lake Tahoe Regional Bicycle and Pedestrian Accident Summary.....	65
Table 4: Bicycle and Pedestrian Safety Education Program Summary.....	68
Table 5: Regional Population Distribution.....	70
Table 6: Existing Mode Split Summary for the Lake Tahoe Basin.....	73
Table 7: Length of Proposed System by Class.....	77

Table 8: Conceptual Unit Cost Estimates for Bikeway Construction.....82
Table 9: Conceptual Cost Estimate Summary83
Table 10: High-Priority Bicycle Improvements86
Table 11: Pedestrian System Lengths and Costs.....89
